ILIENSES TREE

"Ilienses Tree" band was born in Cagliari (Sardinia, Italy) in the 2012 and after some times they completed the line up with Maurizio Meloni (Voice), Claudio Kalb (Bass guitar), Simone Milia (Guitar), Francesco Carboni (Guitar) e Giammarco Vacca (Drums).

The name of the band is referred to the Ilienses people. It was an ancient heathen shepherd-warrior population that lived in Sardinia Island about 2000 years B.C., during the Bronze Age.

In **October 2014** Ilienses Tree published their first demo called "**2014 B.C.**" and in the same month they took part in the **Doom Over Karalis III** fest.

During the **2016** the band opened for the live of the Italian Doom Metal Band **Novembre** and, in the same year they played at the "**Doom Over Karalis V**" with the **Lord Vicar** as the headliner of the festival.

In the **2017** two others important gigs arrived, opening as support for **Moonspell** in may and for **Dark Tranquillity** in june.

On july **2017** the band sign with **Maculata Anima Rec** (Republic of Malta) for the release of the EP **EDDA** (september 2017).

During their young life Ilienses Tree have been able to share the stage with several bands such as **FAAL, GIGATRON 2000, IRREVERENCE, BLACK CAPRICORN, LIGHTLESS MOOR, NOVEMBRE, LORD VICAR, MOONSPELL** and **DARK TRANQUILLITY**.

The band plays a **DEATH/BLACK** molded **METAL** music, deeply influenced by **DOOM** sounds and atmospheres.
